EXPERIENCE

MELITTA BAUMEISTER

Apr 2024 - Present

Production Coordinator | New York

Managing the product development process from concept to production. Oversee product design, sampling, and production processes. Track progress and provide updates. Develop and maintain relationships with vendors and suppliers both in garment district and oversea. Support the design team with product research and development.

SIXAREV

Jun 2023 - Apr 2024

Assistant Designer | New York

Managed design, product development and tech pack creation. Managing collections from conception to final styling, including selection and approval of fabrics, trims, silhouettes, lab dip colors and patterns.

LEAF XIA

Aug-Oct2020, Jan-Jun 2021, Jan-Feb 2024

Assistant Designer - Atelier Coordinator | New York & Shanghai

Managed showroom setups, styling plans, and model casting, with active roles in fashion week backstage coordination and photoshoot assistance. Engaged in accessory design and craftsmanship, leading to feature in VOGUE China.

RAG&BONE

Jan 2023 - May 2023

Design Internship | New York

Developed theme-based samples including inspiration research selection and approval of materials, tech pack creation, fitting comments, and communication with overseas factories.

UNISECON

Nov 2021 - Feb 2022

Assistant Designer | New York

Managed design and product development. Work including draping, pattern making, tech pack creation, sample handling, fitting comments, and maintained communication with factories in China and Japan.

ICICLE

Mar 2021 - Aug 2021

Sustainability Design Internship, | Shanghai

Created tech packs and garment flats, sourced fabrics, conducted theme-based research, organized files, and coordinated with pattern makers for fittings.
